EMERGENCY! DESIGN FOR STRESSED FUTURES - A CHARRETTE

Saturday, April 5, 2014

In the year 2050, the environment fractures. Teams choose one of three scenarios & compete or collaborate for survival; an island site threatened by rising waters, an unstable hillside outside a dysfunctional city or an escape pod from earth. Make survival worth living through design. Failure is not an option. \$250 top prize. Mitchell Joachim, Ph.D., Assoc. AIA of Terreform will serve as the head juror. **5.0 HSW LUs**

The Center for Architecture & Design
50 West Town Street, Suite 110
Columbus, Ohio 43215
9:30 AM - 4:00 PM

\$150 per team (max of 5 members)
\$30 per individual | Free for students
